

## PTA newsletter: Summer Term 2017

This term we are enjoying getting to know our new head and our new school! The children are settling in very well and enjoying the new space. Here is your termly update from the PTA plus some important remaining dates for the diary for this term.

### PTA News

On the fundraising front, last term the PTA contributed £1002.90 to the school to pay for Nesy and Mathletics. Part of this money came from the maths cake sale at the end of term. A big thanks to all that contributed to Mrs Powley's collection for the sensory room – we raised the fabulous amount of nearly £3000. More recently, the PTA has successfully applied for ward funding to pay for a school plaque.

In the first part of the summer term the children had an enjoyable summer disco on May 25 – thanks to all that helped make this a success. Please plan to come along to the PTA AGM if you are able – there will be several new members and a chance to be a major contributor to all the fun events the PTA manages for kids and families.

### In Other News...

The PTA urgently needs new members – we have lots of parents who volunteer for school events, but not so many on the organizing committee. Many of our current members have kids moving on from Lord Deramore's so it's time for a fresh team!

At the AGM on July 10 parents will be able to volunteer for new Chair, Secretary, Events and Communications roles – or to suggest other roles they might like to take on. Please come and talk to Eszter or Karen if you are interested in finding out more.
