

## LORD DERAMORE'S PRIMARY SCHOOL

### Curriculum Overview for Years 5 and 6 Autumn Term 2017 – Greece

<p>Maths</p>	<p><b>Will be taught in accordance with the National Curriculum for Numeracy and this term will include:</b> Place value, rounding and problem solving. Number sequences</p> <p>Fractions, decimals and percentages (Y6)</p> <p>Mental and written methods of addition and subtraction, multiplication and division and applying these to problem solving.</p> <p>Data handling</p> <p>Perimeter and area</p>
<p>English</p>	<p><b>Will be taught in accordance with the National Curriculum for English and this term will include:</b> Narrative Recount and newspaper articles Poetry</p> <p>We will also continue to focus on comprehension strategies through a variety of different texts. Grammar and spelling will also be covered.</p>
<p>Topic</p>	<p>Our geography and history topic this term is Greece. We will focus on 'The Ancient Greeks' and their legacy, as well as the geography of the country. Art and DT will be linked to our topic and we will be designing and making Greek masks amongst other projects.</p>
<p>RE</p>	<p>In RE we will be studying what different religions say about when life gets hard. <b>Religions and worldviews:</b> Christians, Hindus, Muslim and non-religious responses (e.g Humanists).</p>
<p>Science</p>	<p>In science, we will learn about properties and changes of materials before moving onto Forces. Focus for materials is:</p> <ul style="list-style-type: none"> <li>• Compare and group together everyday materials on the basis of their properties, including their hardness, solubility, transparency, conductivity (electrical and thermal), and</li> </ul>

	<p>response to magnets</p> <ul style="list-style-type: none"> <li>• Understand that some materials will dissolve in liquid to form a solution, and describe how to recover a substance from a solution</li> <li>• Use knowledge of solids, liquids and gases to decide how mixtures might be separated, including through filtering, sieving and evaporating</li> <li>• Give reasons, based on evidence from comparative and fair tests, for the particular uses of everyday materials, including metals, wood and plastic</li> <li>• Demonstrate that dissolving, mixing and changes of state are reversible changes</li> <li>• Explain that some changes result in the formation of new materials, and that this kind of change is not usually reversible, including changes associated with burning and the action of acid on bicarbonate of soda.</li> </ul>
Computing	During Computing, Year 6 will develop their spreadsheet and database skills as well as renewing their knowledge of e-safety. Year 5 will focussing on e-safety.
DT	We will be using clay to create Greek Artefacts.
Art	We will base our artwork on Ancient Greek myths and patterns.
Music	We will focus on singing and leading up to a Carol Concert at Christmas.
PE	Year 5 & 6 will develop their competitive games skills. Both classes will take part in gym and dance sessions throughout the term.
