

PE CURRICULUM PLAN – LORD DERAMORE'S PRIMARY SCHOOL

Intent: We recognise the importance of PE and the role it has to play in promoting long-term healthy lifestyles. The intent of our PE curriculum is to provide all children with high quality PE and sport provision. It is our vision for every pupil to succeed and achieve their potential as well as to lead physically active lifestyles. We want our pupils to appreciate the benefits of a healthy and physically active lifestyle. We will provide opportunities for pupils to develop values and transferrable life skills such as fairness, resilience and respect as well as providing them with opportunities to take part in competitive sport. We strive to inspire our pupils through fun, creative and engaging PE lessons that are enjoyable, challenging and accessible to all. We wish to provide children with opportunities to develop their fitness, fine and gross motor skills by trying new sports or activities, especially those who are less active.

Implementation: PE is taught discreetly, in most cases, twice a week. The children in Early Years may have one longer session. In Phase 1, continuous provision offers the opportunity to develop Physical Development. PE is taught by the class teacher or PE consultant. Staff development is provided through regular opportunities to teach alongside the PE consultant. A number of after school activities are offered, including dance, netball, tennis and multiskills. All classes have swimming lessons at the local secondary school, provided by qualified swimming instructors, for one term during their primary school journey. Additional opportunities, such as triathlon, bean bag rounders, orienteering and football involving other schools are regularly offered. We have a yearly sports day for phases 2 and 3 at the local university and phase 1 have their own event in school. The whole school has a 'fun, It's a Knockout' style activity morning each year. Outside agencies, such as York City Knights come in to school annually to teach a sport to targeted year groups.

Impact: PE knowledge and skills are assessed by teaching staff and the PE consultant throughout a term and reported at the end of each year via each child's school report. Assessment will generally be made through observation and is not purely based on sporting ability but looks at skills, team work and stamina etc. PE subject lead and SLT assess impact and teaching through pupil voice and lesson observations
