

Phase 3 Homework Menu - Autumn Term 2024

Our topic this half term is Anglo-Saxons and Vikings. Below you will find a selection of homework ideas to share with your child. There is no homework book but each week, classes will share the activities they have done (this can be verbal or they can bring things in). These activities are designed to encourage a conversation about what your child is learning in school as well as helping develop discipline and independence in home learning.

 <p>Find out about the Vikings in York and Yorkshire. What did they bring and leave behind? Can you visit a Viking settlement? Maybe investigate the names of local places - do they have links to the Vikings?</p>	<p>We will be studying different faiths and people's views and feelings about these throughout the term. Why not find out more about some of these religious festivals taking place this term?</p> <p>September: Mawlid al-Nab October: Rosh Hashanah & Yom Kippur November: Diwali December: Bodhi Day</p> 	 <p>The Vikings liked to trade. What did they trade and how did they transport these items? Could you become a Viking tradesperson yourself? Create some items and an advert to sell them. (video or written)</p>
<p>In Computing we will be creating our own games. Why not investigate the history of computer games and how they have evolved. You could even create a new character or idea. You might be able to ask your parents and carers what they played when they were your age. Do they still have the games?</p> 	<p>Find a Viking recipe and have a go making it yourself.</p> 	 <p>Listen to a piece of music you haven't listened to before. Can you talk about the instruments in the piece, the rhythm, tempo etc?</p>
<p>Find out about a famous scientist by visiting: Science KS2: Scientists and Scientific Method - BBC Teach</p> 	 <p>In art we will be creating work using mixed media. Try creating an Autumn or Winter scene.</p>	<p>Tell your family about a science investigation you did at school. Can you recreate it at home?</p>
